Feb. 1, 1923

My dear Dr. Munz:- I have just packed 244 specimens for you and they will go by parcel post in two bundles. I made up a set of my Yukon plants and put in all the southern californian specimens that I could find. I hope they will be satisfactory. There are also specimens from Silver City, N. Mex. as your herbarium is cosmopolitan I thought these would be acceptable.

Don't feel that you need to hurry about sending your specimens in return. We have a great deal of mounting to be done and as long as they come during this year it will be satisfactory.

With very pleasant remembrance of your visit and the hope that it may be repeated.

Yours sincerely

Alice Eastwood.
